I am seeking public office because (25 words):

I have had the honor to serve in this capacity for four years, and would like to have four more years on the school board. As the current board of education president for Olathe Public Schools, I believe I've been a valuable voice and champion for K-12 public education. I live and work in this community and I am willing to continue to work hard to make sure that our district remains the treasure for our community that it is.
