1. Continuity 2. Office Efficiency 3. Great Customer Service

**What do you believe is the biggest challenge currently facing the Secretary of State's Office?** (75 words or less)

This office is the people's office and it is important that we serve all the best we can. This means treating those of all political parties the same. I do NOT plan to operate my own PAC while holding this office. I don't see that as an appropriate role of a Secretary of State to operate a PAC while in this position.

**Why are you seeking this public office?** (50 words or less)

This office is one of the statutory offices on the ballot that I think is closest to the people! What I mean by that, has direct contact with people. This appeals to me and I think I can do a lot of good through customer service.

**What project have you been most proud to work on?** (50 words or less)

I served on the board of the American Red Cross for several years two of those years as board Chairman. The work they do is amazing. The other board was the former FOX theatre in Salina now the Stiefel Theatre that has been fully restored.

**What do you think most distinguishes you from your opponent(s)?** (50 words or less)

My age and years of experience in government and politics!
